Catalogue

Electric- and cord- less Power Tools

Solid tool.
Solid result.

The right tool for every industry

Professional sheet metal fabricators in many industries around the world rely on user-friendly electric- and cordless Power Tools by TRUMPF. Our products convince not only by their high quality "made in Switzerland", but also by the latest technology. As the world's leading manufacturer of manufacturing technology, TRUMPF stands for innovation on a high level. Benefit from our cross-industry application know-how in the field of power tools.

STEEL- AND METAL CONSTRUCTION

Deburrers	64

Slat cleaner	86

Cordless Alliance System

Benefit from 100% compatibility with machines, CAS rechargeable battery packs and rechargers from various manufacturers work in this one system. CAS provides the most efficient rechargeable battery system in the industry from Metabo and over 30 years of experience in rechargeable batteries which is now also available for TRUMPF Power Tools. How do you benefit from this? Highest degree of reliability, clear cost advantages and top investment security.

Cordless Alliance System

33 brands, 300 machines, 1 battery

Cordless Alliance System (CAS) is a group of leading electric power tool brands, offering you a large selection of powerful machines. You can easily combine the 18V rechargeable batteries and chargers together. The comprehensive system emphasises sustainability and makes it possible for you to greatly reduce the number of rechargeable batteries in your company.

100% compatible

Everything works together: 18V battery-powered machines, rechargeable batteries and chargers from any brand. Clear cost advantage thanks to multiple use of existing rechargeable batteries. No matter if it is Li-Ion or LiHD technology, 2.0 Ah, 4.0 Ah, 5.2 Ah, 5.5 Ah, 8.0 Ah or 10.0 Ah.

Twice the freedom

CAS means you do not have to depend on cables. You can use machines from different manufacturers with one rechargeable battery.

Leading rechargeable battery technology

CAS represents a sophisticated rechargeable battery system that you can rely on for standard and special applications.

One battery, many solutions. 100% compatible.

Extended warranty

Extend the standard warranty of your machine to a 5-year warranty. Completely free of charge. The fastest and most convenient method of registering and getting the 5-year warranty is to go to www.trumpf.com/s/warranty-powertools. Our rechargeable batteries have a 3-year guarantee. There's no restriction on charging cycles and no need to register.

Legend

You can find the symbols on the machine pages

-  **12V LiHD**
LiHD Technology
Battery-powered machines with 12V drive.
-  **18V LiHD**
LiHD Technology
Battery-powered machines with 18V drive.
-  **BL Motor**
Brushless motor
Low-wear and tear motor for maximum longevity.
-  **Quick & Easy**
Quick & Easy
Quick and easy tool change.
-  **2x**
Several times rotatable
The cutters can be turned twice and ensure a long service life.
-  **4x**
Several times rotatable
The cutters can be turned 4 times and ensure a long service life.
-  **2x**
Turnable and regrindable several times
Cutting tools up to 2-fold turnable and regrindable. For long service life.
-  **4x**
Turnable and regrindable several times
Cutting tools up to 4-fold turnable and regrindable. For long service life.
-  **TruTool**
Low-vibration
Minimal vibration values and highest user friendliness.
-  **Rotating punch**
Ensures regular wear and long service life.
-  **Light-weight**
Low machine weight for low-fatigue work.
-  **Integrated lubrication**
For a constant cutting quality and long tool service life.
-  **Quick-acting brake**
Safe working due to fast tool stop.
-  **Softgrip**
Ensures optimum and convenient machine control and minimizes vibration.
-  **Speed governor**
Adjustable speed for material-specific working and perfect results (only for 230 V machines).
-  **Smooth start**
Ergonomic work through smooth starting.
-  **Overload protection**
Protects the motor from over-heating.
-  **Restart protection**
Prevents unwanted starting after power interruptions.
-  **Optimum protection**
Avoidance of hazardous dust.
-  **Safety clutch**
Safe working by decoupling the power unit in case of unexpected tool stop.

Noise and vibrations Information

Measured values determined according to EN 60745

The vibration emission level given in this information sheet has been measured in accordance with a standardised test given in EN 60745 and may be used to compare one tool with another. It may be used for a preliminary assessment of exposure.

The declared vibration emission level represents the main applications of the tool. However if the tool is used for different applications, with different accessories or poorly maintained, the vibration emission may differ. This may significantly increase the exposure level over the total working period. An estimation of the level of exposure to vibration should also take into account the times when the tool is switched off or when it is running but not actually doing the job. This may significantly reduce the exposure level over the total working period.

Identify additional safety measures to protect the operator from the effects of vibration such as: maintain the tool and the accessories, keep the hands warm, organisation of work patterns.

Noise and Vibrations Information

General terms and conditions

Delivery terms

For the delivery of the products listed in this brochure, the relevant valid terms and conditions of delivery are standard.

Warranty

For TRUMPF electric and cordless power tools, the term of liability is 12 months as of the date of invoice. Damages that are traced back to natural wear and tear, overstress or improper use of the machine are excluded from the warranty. Damages that occur due to material or manufacturing defects or errors will be handled by a replacement delivery or repaired free of charge. Claims can only be accepted if the device is sent back to your TRUMPF dealer without having been disassembled.

ISO certification

All electric and cordless-operated tools produced in our production facilities are certified according to ISO 9001.

Nominal voltages

In general, the corresponding country models are available for all machines. Please contact your TRUMPF sales office for additional details.

Subject to changes

We reserve the right to change data as well as correct mistakes and print errors; liability for such is excluded. Technical data, in particular, are subject to change without prior notification. Individual features may differ depending on country-specific issues.

CE conformity

All electric and cordless-operated tools in this catalogue adhere to the provisions of the respectively relevant EU directives.

Service

TRUMPF offers worldwide repair service centers. Please contact your regional sales office so that repairs can be made by our trained specialists.

Operating manuals as well as spare parts lists are delivered along with the machines. If these documents are lost, replacements are available for download at www.trumpf-powertools.com.

Please use only original spare parts as well as original accessories from TRUMPF. This guarantees trouble-free machine use and, in case of a claim, acceptance of your warranty claim.

TRUMPF is certified according to ISO 9001
(further informations see: www.trumpf.com/s/quality)
